Gelina UV LED Gel Polish #064

All our gel polishes are manufactured in our ISO 9001-certified factory. They are free of solvents, toluene and formaldehyde. They are environmentally friendly and non harmful to humans.

Gelina UV LED Gel polish is extra full of pigment. One coat is generally enough. Our polish is thicker and more highly pigmented so the cure time is 90 – 120 seconds. It's worth the wait! Gelina gel polish is tougher and more durable than other brands. Strong and gorgeous – Just like you!
